If any commercial communication is disseminated by CyWeTa DNS to Users via electronic mail, it is clearly marked as a "commercial communication" and at the same time an indication is given as to

where and how the addressee may contact the sender with a request if he/she does not wish to continue receiving commercial information from the sender.

In accordance with point 70 and Article 21 of the GDPR, the Controller expressly draws the User's attention to the fact that, with regard to personal data processed **for the purpose of sending commercial communications** (direct marketing), the User has the right to object at any time, free of charge, to such processing of personal data (including profiling, insofar as it relates to such direct marketing), to the extent that the processing is related to the direct marketing in question, whether it is initial or further processing. If the User objects to the processing of personal data for the purpose of sending commercial communications (direct marketing), CyWeTa DNS undertakes to no longer process the personal data for this purpose.

## 8. Use of Cookies

**Cookies** are short text files that are created by a web server and stored on your computer via your internet browser (Internet Explorer, Firefox, Chrome, etc.). They are used to ensure that when you return [to https://hackedlist.io/](https://hackedlist.io/) later, the browser sends the stored cookie back to the server so that it can retrieve all the information it has previously stored for you.

Cookies are used to optimise the Website and contain, for example, information about the User's previous accesses to the relevant servers or what offers have been viewed so far.

CyWeTa DNS uses the following types of "cookies":

- First party cookie (= first party cookie)
- Third party cookies (= third party cookies)

The user has the option to prevent the storage of cookies at any time. As a rule, this is done by the corresponding settings in the browser or by other procedures, see below.

## 9. Using Google Marketing Platform

The website <https://hackedlist.io/> uses the Google Marketing Platform, a web service of Google Inc. ("**Google**"). Google Marketing Platform uses so-called "cookies" (including third-party cookies), text files that are stored on your computer and that enable an analysis of your use of the Website. The information generated by the cookie about your use of the Website is generally transferred to and stored on a Google server in the USA. Within the member states of the European Union or other contracting states of the Agreement on the European Economic Area, Google will truncate your IP address if IP anonymisation is activated on this Website. Only in exceptional cases is the entire IP address transferred to a Google server in the USA and shortened there. On the instructions of the operator of this Website, Google will use this information to evaluate the use of the Website, to compile reports on Website activity and to provide other services relating to the use of the Website and the Internet in general. The IP address provided by your browser in the context of Google Analytics will not be associated with other data held by Google.

You can prevent the storage of cookies by selecting the appropriate program settings in your browser; however, please note that in this case you may not be able to use the full functionality of the website.
